In 2011, “Noto’s Satoyama and Satoumi” was designated as Globally Important Agricultural Heritage Systems (GIAHS) by FAO, the first in Japan. The points Noto’s Satoyama and Satoumi were valued on:

- Biodiversity protected by traditional agriculture, forestry and fishing methods and land utilization
- Diverse biological resources nurtured in Satoyama and Satoumi
- Culture and festivals associated with agriculture that have developed over a long history
- Traditional techniques that should be passed on
- Use and conservation activities of Satoyama and Satoumi

Ishikawa Prefectural International Cooperation Program Through “Noto’s Satoyama and Satoumi” (GIAHS)

To contribute to the sustainable development of developing countries, Ishikawa Prefecture is providing the training program in collaboration with FAO, UNU-IAS, Kanazawa University, Ishikawa Prefectural University, JICA. The program conducts capacity development training for the countries which are willing 1) to be designated as a GIAHS site, 2) to promote sustainable rural development in those countries.

- We have accepted over 300 person from about 50 countries since 2010.
- The contents of the training can be customized according to needs of the participants.
- Experts answer the individual tasks of developing countries in exercise.
- Ishikawa Prefecture shall bear part of training expenses in Ishikawa Prefecture (Requires consultation)
